## **PROFILE**

I am an Accounting Professional and Software Developer with a strong digital technologies orientation; I am a Python, Android and Full Stack Developer with experience in Cloud Computing, Amazon Web Services and Microsoft. My background also includes expertise in SAP business Reporting (BR); sales, logistics and supply chain management. I possess the ability to be a nimble learner; being able to adapt and learn quickly, and I know how to manage new situations and grow professionally. I also have the ability to solve any problem and simplifying Information Technology processes. I have excellent writing and verbal communication skills in both English and Spanish.

## **EXPERIENCE AND PROJECTS ACCOMPLISHED**

### **Accenture Argentina**

*Since January 2019*

#### **Cloud Service Cost Optimization Specialist**

- Responsible for understanding the pricing models of our external vendors such as AWS , Microsoft and GCP, as well as for identifying opportunities that CIOs and their various support teams can use to modify their patterns settings and usage, to reduce the overall cost. I am currently using my developer experience with Python, to support the development team in projects related to automation in the cloud.

### **Accenture Argentina**

*February 2017 to January 2019*

#### **Financial Analyst**

- Responsible for supporting, with SAP Business Reporting, general financial management functions and business advisory services. I was also responsible for offering services through the termination of contracts, in compliance with the organization's regulatory principles, budget controls, forecasts, contract profit and loss management. Advice to our client leadership teams and company's directors.

### **Da Silva Esteves & Aso**

*July 2014 to September 2015*

#### **Accounting Analyst**

- Responsible for the general ledger, performing all accounting processes, overseeing the annual and interim tax calculations. I was also responsible for running payroll, and was in charge of supervising staff, and the different activities in the tax department, so that they comply with the established internal regulations.
